

GEOCACHING

**Congratulations, you've found it!
Intentionally or not!**

This is a playing piece for a worldwide game dedicated to GPS (Global Positioning System) users, called **Geocaching**. The game involves a GPS user hiding "treasure" (this container and its contents), and publishing the exact coordinates so other GPS users can come on a "treasure hunt" to find it.

The only rules are: if you take something from the geocache, you must leave something else in its place (but nothing illegal or harmful), and you must write about your visit on this log sheet.

If You Found This Container by Accident:

Great! You are welcome to join us! We ask only that you:

- Please do not move or vandalize the container. The real treasure is just finding the container and sharing your thoughts with others who find it.
- If you wish, go ahead and take something. But please also leave something of your own for others to find.
- Don't forget to sign this log sheet.

If possible, let us know that you found it, by visiting the website listed below. Geocaching is open to everyone with a GPS and a sense of adventure. There are thousands of sites all over the world. Visit the website if you want to learn more, or have any comments:
